

Public Bible Study
1Corinthians 14:26-33

Public Bible Study Needed

Tonight, we will return to gathering on Sunday evening for the first time in almost 3 months. While discussing this, I suggested to the men the idea of Bible Study instead of our normal worship. Thought was two-fold; More participation was a main part of this idea, which would mean less 'spectator' temptation. A secondary part was it would allow us to limit our singing, which some say amplifies the problem of contagious 'droplets' and ' aerosols. In light of this, I want to spend time this morning considering the need of public Bible Study.

What Saith The Scripture?
